Dear Mr. Tucker:

Each year, various urban and agricultural organizations are nominated for the Department of Pesticide Regulation's (DPR's) Integrated Pest Management Innovator Award. Bio S.I. Technology was one of the organizations nominated for this year's award. Although the organization was not selected for an award, it showed innovation in increasing plant vigor and leadership in reducing the use of pesticides. I want to thank you for your interest in our award program and commend your efforts in working toward a greener environment and providing leadership in pest management.

If you would like more information on our Integrated Pest Management Innovator Award Program, please contact Ms. Ann Schaffner, of my staff, at (916) 324-4156 or <Ann.Schaffner@cdpr.ca.gov>.

Sincerely,

Brian R. Leahy
